INFORMATION DISCLOSURE STATEMENT

The following sections are being submitted for this Information Disclosure Statement:

1. Preliminary Statements
2. FORM PTO -1449 (Modified)
6. Copies Of Listed Information Items Accompanying This Statement
9. Concise Explanation Of English Language Listed Information Items
(Optional)
10. Identification Of Person(s) Making This Information Disclosure
Statement

Section 1. Preliminary Statements

Applicants submit herewith patents, publications or other information of which they are aware, which they believe may be material to the examination of this application and in respect of which there may be a duty to disclose.

The filing of this information disclosure statement shall not be construed as a representation that a search has been made (37 C.F.R. § 1.97(g)), an admission that the information cited is, or is considered to be, material to patentability or that no other material information exists.

The filing of this information disclosure statement shall not be construed as an admission against interest in any manner. (Notice of January 9, 1992, 1135 O.G. 13-25, at 25.)

Section 6. Copies of Listed Information Items Accompanying This Statement

Copies of the documents listed accompany this information disclosure statement.

Section 9. Concise Explanation Of English Language Listed Information Items (Optional)

The Quail West Proposal

Applicant has disclosed a document dated prior to August 18, 2000, entitled “An Overview of Grounds and Maintenance Software @ Quail West Golf Maintenance” (“the Quail West Proposal”). This document was prepared by Applicant pursuant to a confidentiality agreement with The Toro Company (“Toro”) and was not disseminated to the public. Nevertheless, out of an abundance of caution, Applicant submits this reference here in the event the Examiner wishes to consider it beyond its submission as an exhibit to an accompanying 37 C.F.R. § 1.131 declaration.

The Deere Proposal

Applicant has disclosed a PowerPoint file, named “deere1.ppt” and last modified prior to August 18, 2000, containing a presentation entitled “John Deere and InCircuit: The Winning Combination,” and an accompanying undated information booklet (collectively, “the Deere Proposal”). The file and resulting booklet were prepared by Applicant during negotiations for the acquisition of Applicant’s company by the John Deere Company (“Deere”). Applicant executed a non-disclosure agreement with Deere prior to the submission of the Deere Proposal, and the Deere Proposal was not disseminated to the public. Nevertheless, out of an abundance of caution, Applicant submits this references here in the event the Examiner wishes to consider it beyond its submission as an exhibit to an accompanying 37 C.F.R. § 1.131 declaration.

2000 Golf Industry Show

As described in the Quail West Proposal, Applicant debuted an interface for Palm® handheld devices to its desktop software at the February 2000 Golf Industry Show in New Orleans, Louisiana,

presented by Golf Course Superintendents Association of America. (*See* p. 7.) The product presented at the New Orleans show was a Palm® handheld device with mock-up presentations. The device was not capable of providing the functionality described, but instead was used as a marketing tool for future products for Applicant. Because the invention was not yet reduced to practice, and the claimed features of the present invention were not yet developed nor functionally present in the displayed device, Applicant does not believe that the use in 2000 constitutes a public use of the invention. Moreover, no printed literature was distributed or displayed along side the device, and no publication exists describing this use. Nevertheless, out of an abundance of caution, Applicant submits the description here in the event the Examiner wishes to consider it.
